He's left for the day. I don't know exactly when he requested RAD update of health report. See CBI email - she says we
Ex. 5 Deliberative Process (DP)
because we don't have enough info on them.

The Nalco stuff I have is what Ex. 6 Personal Privacy (PP) gave to [redacted] a week ago - I don't know what status he gave her this week. Don't know about case load question.

I assume that [redacted] is in today but I think that he is scheduled for a compressed day on Monday.

So, Please obtain from [redacted] what status info he provided to Lynn Dekleva on the four Nalco cases earlier this week.

Find out from him how long ago he requested that RAD update the health report for the current hair on fire case. I think he did so in early Feb.

Also find out if he discussed his caseload with Lynn Dekleva. Let him know that I need to discuss his caseload with all the "leaders" on Monday.

Ok. I think NCR May show one senior PM as the case manager but several newbies are helping him. I could be wrong, but he is not in charge of 60cases alone.

First and foremost:

- (1) The AA asked for explanation of issue with the several cases mentioned wrt the Administrator... I forwarded that request to CCD, but have not hear back yet...this info needs to be ready for the Monday new chems meeting
- (2) P-18-0073 must get FINISHED... Ex. 5 Deliberative Process (DP) ing held to potentially include it
